LindaPellingPhotography

Hey, good-looking!

Thinking about a portfolio? Already got some pictures? That's fine, but do they do the justice you deserve? Good pictures will do a good job, but great photography will do great promotional work.

And that's our aim too; to help promote you as best as possible with a great set of photographs you'll be excited to show off. After all, if you don't look great, then neither do we.

Whatever your reason for wanting a set of pictures, then a great portfolio is the most important tool in your toolbox. We can provide you with a CD of all the best stills from a shoot - usually over 70 - which you can use to promote yourself simply and effectively. We will also provide you with a DVD showcase of the best pictures set to music. Location shoots undertaken if you prefer.
